# BANNER

## SOL13HTG/SOL13HTM

13 oz Gloss/Matte 840x840 Banner

Available Sizes	Price per roll
<b>GLOSS</b>	
38x164	\$60.00
54x164	\$85.00
63x164	\$100.00

Available Sizes	Price per roll
<b>MATTE</b>	
38x164	\$60.00
54x164	\$85.00
63x164	\$100.00
104x164	\$140.00

Our heat laminated SOL13HTG banner limits horse hairs, holds up well while printing, and survives outdoors in the Texas elements. The 840x840 threads are of a high tensile strength, which allows this economical banner to have significantly higher tear strength-which is what good banner is all about! We have the strongest economy banner on the market! The rolls are forward wound up to 63" and reverse wound for the larger 98" and above sizes for the larger printers. Compatible with all wide-format technologies: eco-solvent, solvent, UV & Latex.

## SOL13PG/SOL13PM

13 oz Premium Gloss/Matte 1000x1000 Banner

Available Sizes	Price per roll
<b>GLOSS</b>	
38x164	\$75.00
54x164	\$105.00
63x164	\$125.00
80x164	\$132.00
98x164	\$170.00
104x164	\$170.00
126x164	\$205.00

Available Sizes	Price per roll
<b>MATTE</b>	
38x164	\$75.00
54x164	\$105.00
63x164	\$125.00
80x164	\$132.00
98x164	\$170.00
104x164	\$170.00
126x164	\$205.00

Our SOL13PG/M is a premium high grade 1000x1000 denier front-lit banner with high tensile threads. CS2's manufacturer uses the modern heat laminated method. Because the SOL13PG/PM is heat laminated, there are no "horse hairs", it won't warp easily under the heat of printing, and will last under the Texas sun. The rolls are forward wound up to 63" and reverse wound for the larger 98" and above sizes for the larger printers. Compatible with all wide-format technologies: eco-solvent, solvent, UV & Latex.

## SOL13G/SOL13M

13 oz Gloss/Matte Banner

Available Sizes	Price per roll
38x164	\$88.00
54x164	\$120.00
63x164	\$145.00

This 13 oz. front-lit banner material is the premium grade in the industry. UltraFlex SOL13 has three advantages over other products: reduced threading around the edges (even after being cut or trimmed), it can take higher heat during printing so it does not bubble or get waves that may cause head strikes, and its higher quality ingredients give our banner the best chance to last the 3 years expected outdoors before deterioration! Compatible with latex, solvent and UV inks, SOL13 is available in matte and gloss finishes.

## SOL12DSM

12 oz Double Sided Banner

Available Sizes	Price per roll
38x164	\$111.00
54x164	\$165.00
63x164	\$175.00

*DSS 12 oz. Blockout is a smooth, two sided blockout banner material that delivers similar quality printing results on both sides. DSS is compatible for use with eco solvent, latex, solvent and UV inks and is best suited for indoor applications where complete banner opacity is needed. With it's unique low-curl formula and lay-flat appearance, DSS 12oz Blockout is perfect for pop-up or scrolling banner stands, tradeshow and event graphics, POP, and any hanging banner or sign.*

## SOLPBP

18 oz Double Sided Blockout Pole Banner

Available Sizes	Price per roll
38x164	\$254.00
54x164	\$360.00
63x164	\$409.00
80x164	\$533.00
104x164	\$563.00

*18 oz. Pole Banner is a heavy duty blockout banner material for indoor or outdoor applications. The uniquely woven 1000 x 1000 scrim provides ultimate strength and stability under harsh weather conditions. This Pole Banner is designed for two sided applications where complete opacity is necessary. Both sides have a matte finish and are compatible with eco solvent, solvent and UV inks. Use this banner when you need the strongest, heaviest weight banner material! Please call for availability, as all sizes are not stocked.*

## SOLMESHDL

9 oz Mesh Banner with Backer

Available Sizes	Price per roll
54x164	\$180.00
63x164	\$210.00
80x164	\$270.00
98x164	\$335.00
126x164	\$400.00

*At 9 oz., our new mesh is thicker than the previous version, giving it a noticeable advantage in tear strength. The PVC backer also enables printing using UV & some latex printing technologies (please test latex). This mesh has a 37% air-flow and is ideal for banners, protective barriers and fence wraps. SOLMESH works with eco-solvent, solvent, UV and latex inks.*

# ADHESIVE VINYL

## SAV4EG/SAV4EM

4 mil 3 yr Permanent Adhesive Vinyl, Gloss/Matte

Available Sizes	Price per roll
54x164	\$99.00

*This extra thick 4 mil, 3-year vinyl is compatible with a variety of printing methods such as solvent, eco-solvent; latex and UV ink jet technologies. The permanent acrylic adhesive features high cohesion designed for a wide variety of substrates. The up-graded 90# double PE coated silicon liner is thicker and resists moisture better than other liners. The extra 4 mil thickness is ideal for hand applications as well as stickers. Comes in both gloss & matte.*

### SAV4EG-BO3/SAV4EM-BO3

4 mil 3 yr Permanent Adhesive Vinyl with Silver Back, Gloss/Matte

Available Sizes	Price per roll
<b>GLOSS</b>	
54x164	\$99.00
60x164	\$115.00
<b>MATTE</b>	
54x164	\$99.00

*This 4 mil, 3-year outdoor durable white film with silver back acrylic adhesive for block out is ideal for flat-surface applications where blackout vinyl is required. The upgraded 90# double PE coated silicon liner is thicker and resists moisture better than other liners. Excellent for use in short-term promotional advertising, point of purchase, tradeshow displays and outdoor signage. The 4 mil thickness is ideal for hand applications, really the strength of this product.*

### SAV4GAR/SAV4MAR

4 mil 3 yr Bubble Wrap Air Release Vinyl, Gloss/Matte

Available Sizes	Price per roll
54x164	\$125.00

*4 mil, 3-year Air Release "Bubble Wrap" white vinyl. This premium 3-year vinyl features air-release, grey blackout, and a permanent adhesive. The 4 mil thickness combined with the bubble wrap air release greatly enhances lay down capabilities, which improves production efficiencies.*

### SAV3G5

3 mil 5 yr Gloss Blockout Vinyl

Available Sizes	Price per roll
54x150	\$125.00

*Our house brand of 3 mil 5 year calendared block out vinyl is suitable for long lasting graphics with a laminate. Works best if applied with a laminator. Adhesive is a permanent acrylic adhesive. (no wet apply) With minimal shrinkage and good edge curl properties, suitable for stickers where the print is right to the edges.*

### SAV35CG

3 mil 5 yr Gloss Air Release Block out Vinyl

Available Sizes	Price per roll
54x150	\$140.00

*Our house brand of 3 mil 5 year calendared block out with Air-Release is the perfect product for those long lasting graphics. The 5 year vinyl provides a minimum shrinkage and is better about printing to the edge without edge curling (some curling with dark colors possible). If you are placing vinyl on an expensive long lasting substrate like metal, die bond, or a vehicle, this is the product to use. Match with the LM25CG laminate for best results.*

### SAV3GP#90/SAV3MP#90

Gloss/Matte 3 mil 3 year Vinyl

Available Sizes	Price per roll
<b>GLOSS</b>	
54x150	\$154.00
60x150	\$170.00
<b>MATTE</b>	
54x150	\$154.00

*Our 3.5 mil vinyl with permanent solvent adhesive and 90# stayflat liner is the premium 3 mil 3-year vinyl where quality is important. The solvent adhesive is superior to less expensive acrylic adhesive and is suitable for wet applying. The 90# liner is double coated to keep prints flat, limiting curl for stickers and hand applications. American Made quality and consistency!*

### SAV3GP-BO5

Gloss 3 mil 5 year Premium Blockout Vinyl

Available Sizes	Price per roll
54x150	\$154.00

*A premium 5 year outdoor durable vinyl with permanent solvent adhesive. High adhesive grey back bond is ideal for mounting to hard-to-adhere substrates. This 5 year vinyl limits shrinkage, making it ideal for wall coverings and surfaces needing to be seamed.*

### ACVAR/ACVARM

Gloss/Matte 3 mil 5 year Air Release Permanent Adhesive

Available Sizes	Price per roll
<b>GLOSS</b>	
30x150	\$106.00
54x150	\$185.00
60x150	\$225.00
<b>MATTE</b>	
54x150	\$185.00

Wrap Kit ACVAR & LM3GCE

Available Sizes	Price per Kit
54x150	\$426.00

*3 mil 5-year Blockout Vinyl w/Air Release Liner(90#), Permanent Acrylic Adhesive - the premium calendared vinyl in the industry. ACVAR is ideal for slightly curved surface applications, indoor or outdoor. You will find minimum shrinkage or curling due to the quality vinyl and liner. It is ideal for vehicle decals, inexpensive truck wrap, and promotional items (think guitars, walls, and windows). Match with LM3GCE laminate for inexpensive calendared wrap kit!*

### CVARR/CVARRM

3 mil 5 yr Air Release Vinyl, Clean Remove Adhesive, Gloss/Matte

Gloss	
Available Sizes	Price per roll
54x150	\$212.00
60x150	\$229.00

Matte	
Available Sizes	Price per roll
54x150	\$260.00

*3 mil 5-year Blockout Vinyl w/Air Release Liner(90#), Clean Remove Acrylic Adhesive - the premium calendared vinyl in the industry. CVARR is ideal for applications where the vinyl will ultimately need to be removed. The special adhesive is aggressive enough to stick to most surfaces, but is guaranteed up to one year for clean remove (no clean up after removal)! You will find minimum shrinkage or curling due to the quality vinyl and liner. This is the material recommended for walls, windows and short term quality graphics.*

### CVAR

Gloss 3 mil 5 year Air Release Solvent Adhesive Vinyl

Available Sizes	Price per roll
54x150	\$213.00

*Another premium 5-year vinyl with air release 90# liner and block out. This product is very similar to CVARR above. The difference is the adhesive. The adhesive is a premium solvent adhesive - it sticks better, lasts longer and gives you more peace of mind for those long term graphics. Also available in CVARR clean remove solvent adhesive.*

## VR2GAR

2 mil 7 yr Gloss Cast Vehicle Wrap Vinyl

### VR2GAR: Vinyl

Available Sizes	Price per roll
54x150	\$488.00

### LM2GC: Cast Laminate

Available Sizes	Price per roll
54x150	\$454.00

### Wrap Kit VR2GAR & LM2GC

Available Sizes	Price per Kit
54x150	\$850.00

*2 mil cast gloss vinyl designed for vehicle wraps. The film is a premium, high performance, flexible cast vinyl for application to irregular surfaces. The improved adhesive and superior conformability of the vinyl makes this an excellent wrap material. Also suitable for interior walls and other surfaces that require cast vinyl. Pair with our LM2GC for an \$800 kit!*

## VR2GAR "Tough Skin Kit"

2 mil 9 yr Gloss Cast Vehicle Wrap Kit

### LM2GCPU: Cast Laminate

Available Sizes	Price per roll
54x150	\$600.00

### Wrap Kit VR2GAR & LM2GCPU

Available Sizes	Price per roll
54x150	\$1,000.00

*This wrap kit features "Tough Skin" - a durable, high gloss, high performance product designed for overlaminating wrap applications. The permanent solvent adhesive offers a high ultimate adhesion and excellent clarity and can be applied to curved and some recessed surfaces. While normal cast laminate can provide the above, Tough Skin goes far beyond - it is difficult to scratch, provides superior abrasion resistance to your vehicle wraps, and as an added bonus, has extended durability: 9 years versus 7 years on the typical laminate! Bottom line, if you want to provide the finest, most durable and longest lasting vehicle wrap for your clients, step up to Tough Skin laminate - only available here!*

## SAV3S#90-HT

3.5 mil Satin Greyback Vinyl w/ permanent adhesive

Sizes	Price
54x150	\$238.00

*This 3.5-mil premium calendared vinyl consists of a flexible, semi-gloss film having excellent weathering and aging characteristics. The specially formulated adhesive will stick to low energy surfaces, perfect for those hard to stick surfaces. This product works where others don't. Features a grey pigmented adhesive for use where an opaque label is required.*

## HIMV

6 mil 5 year High Impact Semi-Rigid Vinyl

Available Sizes	Price per roll
54x150	\$240.00

*This 6.0-mil white vinyl with permanent solvent adhesive is ideal for applications that require extra thickness, rigid vinyl, and increased adhesion. Excellent for use in point of purchase displays, trade shows displays, and most certainly permanent stickers.*

### SAV3TV

3 mil 5 year Ultra Translucent Vinyl

Available Sizes	Price per roll
54x150	\$240.00

Our 3.2 mil 5 yr flexible, translucent white vinyl is an intermediate vinyl designed with a special adhesive featuring a good balance of tack, peel, and shear. Excellent choice for interior and exterior back-lit graphic applications. Adhesive has excellent anchorage to vinyl, which allows for clean removability from glass or acrylic.

## WINDOW & WALL GRAPHICS

### LTV/LTVM

Gloss/Matte 3 mil 3 year White Low Tack Vinyl

Available Sizes	Price per roll
<b>GLOSS</b>	
54x150	\$160.00
<b>MATTE</b>	
54x150	\$165.00

This unique vinyl product has a low tack clean removable adhesive making it a flexible multiple usage vinyl. LTV is superior to traditional window clings because it sticks better to the window, not falling off or tunneling. When removing, the graphic comes right off without leaving a residue, showing its superiority! LTV is suitable for short term graphics on walls and floors as well.

### CLTV

3 mil Clear Low Tack Vinyl

Available Sizes	Price per roll
54x150	\$160.00

Superior to clear window cling, primarily because it works better. This clear vinyl has an easy, clean removable adhesive that can be peeled up without leaving any residue on the window. The low-tack adhesive sticks better to the window, not bubbling or tunneling that you might see from traditional clings. Stop risking failures with traditional clings - this is the best clear window vinyl available! (See LTV for a similar vinyl in white). (Please note: CLTV/60150 is a non-stock item. ETA is 7-14 days).

### WP5050

Vehicle Window Perf

Available Sizes	Price per roll
54x100	\$250.00

50/50 Window Perf has the larger holes required by law for vehicle graphics in Texas. Features a removable duplex paper liner that accepts the ink well. This not only creates a better looking, richer image, but when the liner is peeled away the "extra" ink stays on the liner limiting ink dust and smears upon installation. Our perf works with Solvent, UV, and Latex technology.

## WP6040

Storefront Window Perf

Available Sizes	Price per roll
54x100	\$250.00
60x100	\$280.00

*The 60/40 Window Perf is designed for storefront windows. The smaller hole size creates a rich image while still preserving the ability to see out from the inside. Features a removable BOPP film liner that is smoother and accepts the ink well. This not only creates a better looking, richer image, but when the liner is peeled away the "extra" ink stays on the liner, limiting ink dust upon installation. Our perf works with Solvent, UV, and Latex technology.*

## WP7030

Storefront Window Perf

Available Sizes	Price per roll
54x100	\$250.00
60x100	\$275.00

*70/30 Window Perf designed for storefront windows where image quality and window tinting is important. Smaller hole size creates a rich image while still preserving the ability to see out from the inside. Features a removable duplex liner that accepts the ink well. This not only creates a better looking, richer image, but when the liner is peeled away the "extra" ink stays on the liner, limiting ink dust upon installation. Our perf works with Solvent, UV, and Latex technology.*

## WP8020

High Quality Storefront Perf

Available Sizes	Price per roll
54x100	\$370.00
60x100	\$420.00

*WP80/20 is a perforated pressure sensitive window film especially designed for long-term applications. This product offers 20% open area (80% printable area). It is perfect for those who set a high value on bright images and maximum privacy. WP80/20 is made of polymeric vinyl film, equipped with clear semi-permanent adhesive and is M1 certified. This is the premium perf on the market.*

## SOLRF

Repositionable Wall Fabric

Available Sizes	Price per roll
36x100	\$250.00
54x100	\$340.00
60x100	\$412.00

*Repositionable Wall fabric is exactly what it sounds like - fabric for the walls! The low-tac adhesive will adhere to most painted walls. This nylon-like fabric does not stretch, which greatly aids installation. SOLRF can also be contour cut. This product can be removed cleanly, returned to the liner, and reused again. (Please test surfaces before installation)*

### Walk & Wall

Non-Slip Indoor Floor & Wall Graphics

Available Sizes	Price per roll
48x82	\$425.00

*Walk&Wall is the ultimate, one-step solution for indoor floors and walls! Designed for short- to medium-term, indoor applications, Walk&Wall works great on carpet, tile, wood, stone, metal, glass, and painted surfaces. Perfect for tradeshow, POP, wall & floor graphics. Repositionable, Dimensionally Stable & Durable.*

### V2RR Rough Wall

2 mil White High Gloss Cast Vinyl w/ permanent adhesive

Available Sizes	Price per roll
54x150	\$600.00

*This 2.0 mil white cast vinyl is a high gloss formulated to optimize solvent, eco-sol, latex and UV ink jet printing. This highly conformable cast vinyl with gray primer, air-release, and high-tack permanent adhesive is ideal for rough wall applications and other longer term graphics both indoors and outdoors, most commonly used for building wraps. Heat may be used to apply on irregular surfaces. CS2 recommends the use of edge sealer.*

## POSTER & PHOTO PAPER

### SOLP45

45# Matte Poster Paper

Available Sizes	Price per roll
36x100	\$40.00
42x100	\$50.00
54x100	\$66.00

*This 45# Bond is the option for posters. Heavy weight and economical, it is the only bond paper we have found to survive the rigors of solvent ink. With profiling, this can produce an acceptable print. Does not work with all printers – testing suggested. Great product for Latex printing.*

### SOLPBG/SOLPBM

Gloss/Matte 8 Mil Premium Photo Paper

Available Sizes	Price per roll
36"	\$111.00
54"	\$168.00
60"	\$186.00

*Our 8 mil photo paper is another find! One of the thickest photo papers available, this is a 230 gsm double sided PE pure wooden photo base. This means it can withstand the rigors of solvent printing while creating a vivid high end photo. With profiling, our photo paper can produce the most vivid images your printer is capable of producing. Even so, it is still economical enough for posters and POP displays. This is recommended for POP, posters, and photographs. Available in matte and gloss finishes.*

# DISPLAYS

## SOL8SFBM

8 mil Matte PolyPro Pop-up Banner

Available Sizes	Price per roll
36x100	\$90.00
60x100	\$136.00

*Our 8 mil PolyPro is a polypropylene pop-up banner with white backing. This multi-layer PP banner makes for a great economical solution over PET rollups. It has a high opacity blockout layer allowing for very high quality image reproduction, along with tear resistant and anti-curl properties. This PolyPro pop-up banner images well with Eco-Solvent, Solvent, UV and Latex inks. Perfect for short term pop-up displays.*

## SOL10SFBM

10 mil Matte PolyPro Pop-up Banner

Available Sizes	Price per roll
36x100	\$150.00
50x100	\$210.00

*Double layer coating with 8 mil polypropylene and 2 mil PET backer, which provides anti-curling and proper stiffness. The matte finish reduces glare and improves density. Non-transmissive backside coating is the perfect background for brilliant full color prints with very good rolling properties and flatness; tear and glare resistant, the material will withstand heavy handling. This PolyPro pop-up banner images well with eco-solvent, solvent, latex, and UV inks.*

## SOL9SFBM

9 mil Textured Satin Grey Back Pop Up Banner

Available Sizes	Price per roll
36x100	\$105.00
60x100	\$175.00

*This rich, anti-glare texture will show exceptionally well in banner stand applications. The dark gray back will keep your images bright with no wash-out. Designed to lay-flat, this hybrid film is a cost effective option over PET film. Benefits: dark gray back for no image wash-out, scratch resistant with latex and UV inks, expensive looking textured finish, excellent stay-flat properties. Applications: roll-up banners, indoor/outdoor signage, poster POP, movie posters & product spotlights.*

## FABRIC, CANVAS & FLAG

### SOLUP

7 oz Ultra Poplin

Available Sizes	Price per roll
54x164	\$610.00
98x164	\$1,022.00

*UltraPoplin® Soft Image D240 is a 7.1 oz 100% polyester with a matte finish. The environmentally friendly material is 20% reclaimed polyester and is 100% recyclable. UltraPoplin Soft Image D240 is bath coated with a digital, water-based, 100% biodegradable coating. The polyester yarn knit and special coatings make this an easily printable fabric that is wrinkle and crease resistant. Primary applications include event and trade show display systems, POP/POS signs and any soft signage. The UltraPoplin Soft Image D240 is printable with UV, Latex, direct dispersion and transfer dye sublimation. Available in widths from 61" to 198". (Please note: this is a non-stock item. ETA is 7-14 days)*

### SOLCSG

380g Semi-Gloss Poly Cotton Canvas

Available Sizes	Price per roll
36x75	\$200.00
60x75	\$275.00
64x75	\$292.00

*This semi-gloss canvas is a 65% polyester blend, 35% cotton, and has a 1x1 weave. It comes on a 3" core and is designed for digital printing applications using solvent-based inks. The color is a natural white, with a medium texture. Suitable for solvent and Latex printing.*

### SOLCSM

300g Semi-Matte Poly Cotton Canvas

Available Sizes	Price per roll
36x75	\$135.00
54x75	\$200.00
60x75	\$225.00

*This semi-matte canvas is 65% polyester, 35% cotton base, and has a 1x1 weave. It comes on a 3" core and is designed for digital printing applications using solvent-based inks. The color is a natural white, with a medium texture. Suitable for solvent and Latex printing.*

## SPECIALTY MEDIA

### Magnum

20 or 30 mil Printable Magnetic

Available Sizes	Price per roll
20 mil, 24x50	\$98.00
30 mil, 24x50	\$109.00

*Magnum is known as the finest magnetic available. CS2 will show you the secrets to printing directly onto the magnetic. This will transform a high labor, low margin job into an easy profitable one. The 15 mil and 20 mil can be contour cut, while the 30 mil is suitable for vehicles. Suitable for solvent and Latex printing.*

### SOLSFEGW (CS2 Brand)

Engineering Grade White Reflective Film

Available Sizes	Price per roll
12x150	\$150.00
24x150	\$300.00
36x150	\$450.00
48x150	\$600.00

*SOLSFEGW is flexible, glass beaded lens retro-reflective sheeting that renders retro reflectivity at night. It is designed for use on fleet and vehicle markings where application to riveted and corrugated surfaces may be required. It is also used on commercial signs and various labels and is resistant against the extremes of hot, cold, dry and humid weather conditions. Our house brand of reflective is a cost effective alternative to more expensive "name" brands available.*

### SOLFEGW (Nikkalite Brand)

White Direct Print Reflective

Available Sizes	Price per roll
24x150	\$378.00
36x150	\$567.00
48x150	\$756.00

*Nikkalite Brand Engineering Flexible Grade (ELG) is a flexible, glass beaded lens retroreflective sheeting that renders retroreflectivity at night. It is designed for use on fleet and vehicle markings where application to riveted and corrugated surfaces may be required. It is also used on commercial signs and various labels and is highly resistant against the extremes of hot, cold, dry and humid weather conditions. Signs or labels faced with Nikkalite Brand Sheeting and transparent colours are attractive in appearance and highly visible during both day and night.*

### SOLMBL/SOLGBL

Solvent Backlit Film

Matte	
Available Sizes	Price per roll
36x100	\$132.00
54x100	\$195.00
60x100	\$217.00
Gloss	
Available Sizes	Price per roll
36x100	\$162.00
54x100	\$242.00
60x100	\$267.00

*Our coated PET film has a low-glare satin top coating that dries quickly and produces dense blacks and vivid colors that will pop with a lightbox. It is appropriate for outdoor display and is scratch resistant. Laminate for further protection. Benefits: coated for high ink reception, dries quickly, ultra strong and durable, scratch resistant. Applications: kiosks, indoor/outdoor backlit display, transit display, trade show display. Available in matte and gloss finishes. (Please note: this is a non-stock item. ETA is 7-14 days)*

### PHTM

Heat Transfer Material

Available Sizes	Price per roll
20x25yds	\$230.00
29.5x25yds	\$300.00

*PHTM is a thin and stretchable print and cut material. Looking to create stretchable full-color graphics from your Eco-Solvent or Solvent based printer/cutter? ColorPrint™ PU is the answer to your needs! It's thin enough to provide a great hand and stretchable enough for most performance wear. ColorPrint™ PU is great because it doesn't require any dry time before masking! Print, cut, mask, and press! It's that simple to use! Please note: Not compatible with Latex printers.*

## PHTMS

Soft T-Shirt Heat Transfer Material

Available Sizes	Price per roll
20x25yds	\$255.00

*PHTMS is ideal for white or light colored fabrics and is ultra-thin! At only 30 microns, this is the closest look and feel to screen printing among digital transfer materials. Use on any light colored fabrics where you want vibrant colors with a soft feel – and it gets softer after washing! Multiple pieces is where ColorPrint™ Soft shines. It doesn't require a mask, so you simply print, cut, weed, and heat apply. Simplicity and a soft hand in one printable material!*

## TTD

Easy Mask Tape

Available Sizes	Price per roll
20x25yds	\$85.00
29.5x25yds	\$125.00

*Most of the application tapes in the industry are manufactured to transfer sign vinyl, which does not require heat. When using these tapes to apply our products, you may be left with an adhesive residue. In addition, the tape may be difficult to remove which slows down the production process. A great deal of time was spent formulating a transfer tape that works well with our heat transfer materials. This CLEAR mask allows you to accurately place the image on the garment, and also releases easily after heat application. We recommend that when using our print and cut materials, you use our TTD Easy Mask for the best application results.*

## PCF

5.2 mil Polyester Clear Film-Screens

Available Sizes	Price per roll
24x100	\$50.00

*This film is a clear, transparent polyester film for eco-solvent, solvent, and UV curable inks. It's main advantages are high contrast and excellent color gradation. Is is anti-static and heat stable, always ensuring perfect flatness with the need of a sensor strip. Perfect for screen printing needs.*

## LAMINATION FILMS / ADHESIVE

### CLEG/CLEM

Gloss/Matte Standard Grade Laminate

Gloss	
Available Sizes	Price per roll
54x164	\$120.00
Matte	
54x164	\$120.00

*Looking for a great balance between durability and price? CLEG/CLEM is a 3 year 3 mil laminating film, provides solid protection for digital prints in short- to medium-term indoor and outdoor applications. Provides a UV factor of 3 years for your outdoor prints.*

### LM3GPS/LM3MPS/LM3LPS

Gloss/Matte/Luster Premium Pressure Laminate

Gloss	
Available Sizes	Price per roll
54x150	\$140.00
60x150	\$145.00
Luster	
54x150	\$169.00
Matte	
54x150	\$140.00

*3mil 3-year Gloss, Luster, and Matte Clear UV laminate with pressure sensitive Permanent Adhesive. Our premium laminate is American Made with a better adhesive, liner and more UV inhibitors. You laminate to protect your images and reputation – step up to the best product in its class!*

### LM25CG

2.4 mil Gloss Polymeric Cold Lamination Film

Available Sizes	Price per roll
54x150	\$145.00

*2.4 mil, 5 year gloss over laminate calendared film. Match this laminate with 5 year adhesive vinyl products to extend the life of the graphic. Our house brand of laminate is perfect with SAV35CG & SAV3G5 or any of our 5 year vinyl.*

### LM2GC

2 mil 7 year High Gloss Cast Laminate

Available Sizes	Price per roll
54x150	\$447.00

*This cast laminate can be used for a wide range of longer-term indoor or outdoor applications, including fleet and large graphic applications. LM2GC is a 2 mil 7 yr highly flexible cast film with a clear, solvent-based adhesive. Perfect for vehicle wraps and signage that needs the flexibility and durability of cast. Match with our cast wrap vinyl: VR2GAR.*

### LM3GCE/LM3MCE

3.2 mil 5 yr Clear Calendared Laminate

Gloss	
Available Sizes	Price per roll
54x150	\$236.00
Matte	
54x150	\$205.00

*This laminate is a 5 year calendared vinyl laminate designed for use over 5 year calendared vinyl films to provide protection from UV exposure, chemicals and abrasion. This product is ideal for general purpose applications and provides medium-term 5 year durability. Suitable for use with our 5 year vinyl-ACVAR & CVAR products.*

### LM2GCPU

2 mil 9 year High Gloss "Tough Skin" Laminate

Available Sizes	Price per roll
54x150	\$600.00

*"Tough Skin" is a durable, high gloss, high performance product designed for overlaminating wrap applications. The permanent solvent adhesive offers a high ultimate adhesion and excellent clarity and can be applied to curved and some recessed surfaces. While normal cast laminate can provide the above, Tough Skin goes far beyond - it is difficult to scratch, provides superior abrasion resistance to your vehicle wraps, and as an added bonus, has extended durability: 9 years versus 7 years on the typical laminate! Bottom line, if you want to provide the finest, most durable and longest lasting vehicle wrap for your clients, step up to Tough Skin laminate - only available here!*

### LM3OC

3 mil 5 year Optically Clear Perf Laminate

Available Sizes	Price per roll
54x100	\$275.00
60x100	\$300.00

*This is a glossy optically clear vinyl film designed for over laminating perforated media. The product is designed for long-term outdoor, fleet or vehicle marking on flat or lightly curved surfaces. Additional UV protection is built into the over laminating film to help resist color fade caused by ultraviolet light. The perfect clarity (low haze) combined with high UV protection makes LM3OC the perfect match with window perf. Don't forget: In order to protect your perforated window film from dust, humidity or contaminations while maintaining perfect transparency even in rain, lamination is inevitable.*

### LAMDEC

1 mil Cold Gloss Dry Erase Laminate

Available Sizes	Price per roll
38x150	\$96.00
54x150	\$135.00

*With a unique coating, the Dry Erase can make any graphic a dry erase board. Write on/Wipe off capability. For indoor graphics only. 6 month product.*

### KP

30# Kraft Paper

Available Sizes	Price per roll
55x500	\$75.00

*A 30 lb. paper coated with a machine glaze. Designed to protect a laminator's bottom roller from adhesive during one-sided lamination. It is a brown Kraft paper in roll form used as a backer when doing pressure-sensitive over-lamination. Kraft Paper allows single-sided lamination by preventing adhesive from coming in contact with the rollers. Please note, not all sizes are stocked – call for availability.*

### MTSA

1 mil Double Sided Dry Mount Adhesive

Available Sizes	Price per roll
38x164	\$125.00

*MTSA is our economical mounting adhesive. It is a double-sided pressure-sensitive permanent high tack mounting adhesive. This all-purpose cold mounting adhesive is formulated to give excellent hold-down strength on substrates such as foam or gatorboard and art board. Ideal for permanent mounting of digital prints: high Initial tack which is ideal for pre-coating foam/paper substrates. May be used indoor or for short term outdoor applications. This mounting adhesive is manufactured with a PET and PVC release liner-the ultimate in moisture resistant barrier!*

### MTSAOC

1 mil Optically Clear Double Sided Mounting Tissue

Available Sizes	Price per roll
51x150	\$580.00

*MTSAOC is an optically clear double-sided, pressure-sensitive mounting adhesive with two polyester film release liners. MTSAOC is specifically designed for face mounting graphic images and has been used extensively in back-lit applications using substrates such as Plexiglas® and/or other transparent products. A very high quality optically clear adhesive enables this product to be used for permanent face-mounting to glass, lenticular lenses, and a variety of other substrates that require optimum clarity with a permanent bond. This product has a very high initial tack.*

# INKS

## Mutoh OEM Solvent Inks

CMYK,LC,LM	Price per cartridge
220ml	\$65.00
440ml	\$125.00
1000ml	\$237.00

*Mutoh OEM Eco Solvent inks do not have an odor. Get the superior OEM inks and maintain your warranty and image quality.*

## Mutoh MP Ink

CMYK	Price per bag
MP31, 500ml	\$135.00

*Mutoh's Bio Fuel (Corn) ink is truly remarkable and unique. While it does have an odor, it also does not have any harmful vapors. It prints with the ease of a solvent ink, it cures immediately like a latex ink, and sticks to most substrates like UV curable. These inks are what makes Mutoh's hybrid flatbed printer the best in its class.*

## Mutoh UV-LED Ink

CMYKVaWh	Price per cartridge
220ml	\$90.00

## Mimaki Inks

SS-21	Price per cartridge
440ml	\$115.00

LH100	Price per bottle
1000cc	\$210.00

ES3	Price per cartridge
440ml	\$120.00

LUS150	Price per cartridge
1lt	\$210.00

*All Mimaki inks are available for order – please contact us if your ink is not listed.*

## Triangle Inks: Roland, Mimaki, and Mutoh Compatible

Roland	
CMYK,LC,LM	Price per cartridge
440ml	\$82.00
1000ml	\$135.00

Mutoh	
CMYK,LC,LM	Price per cartridge
440ml	\$82.00
1000ml	\$135.00

Mimaki	
CMYK,LC,LM	Price per cartridge
440ml	\$82.00

*Triangle is a multi-billion dollar international company that is a leader in the wide-format inks. They provide the highest quality inks that are almost identical to the OEM ink. Triangle ink is both color and chemically compatible with OEM ink. The only difference is the Triangle ink is designed to dry slightly faster than Mimaki or Mutoh OEM inks. Triangle is the only alternative ink manufacturer that is so confident in their quality that they provide a written wet train warranty.*

# EQUIPMENT

## MUTOH VALUEJET

Mutoh has been an industry leader for more than 60 years with its ValueJet family of wide-format printers, providing the best in class performance in its category. Whether you're printing vehicle wraps, posters, t-shirts or trade show displays, Mutoh has the right printer to fit your business needs. Able to print a smaller 3.75 picoliter drop size, enables higher image quality at faster speeds. Our printers have won numerous awards, including SGIA's Product of the Year for three consecutive years, WFI's Top Product Awards, Digital Output's Top Business Award and a few have even received IDEAlliance's G7 certification.

## MUTOH VALUECUT

Mutoh's ValueCut Multi-Purpose Cutting Plotter line offers all the functionality required by professional sign makers. The ValueCut series gives you the finest cutting quality with superior tracking. There are many advantages to utilizing a separate printer and cutter workflow, including the ability to print and cut at the same time so one operation does not stop the other. Additionally, there is no shrinking of stickers when you let them out gas and dry properly prior to cutting.

## MIMAKI

Mimaki is a pioneer in the development of digital printing and cutting products worldwide. The company has engineered and manufactured a complete line of digital printers and cutters, and offers a total workflow solution for the many applications found in the Sign & Graphics, Textile & Apparel and Industrial markets. Mimaki excels in offering innovative, high quality, reliable printer products using a variety of technologies including latex, eco-solvent, solvent, aqueous dye sublimation, solvent UV and UV-LED.

## SEAL LAMINATORS

Neschen Americas offers a comprehensive choice of commercial, wide format roller SEAL brand laminators offering hot and/or cold mounting, laminating and encapsulation. All SEAL Laminators are precision engineered for the highest quality and performance and offer the best warranty in the business. Models vary from 44" to 62" finishing capability and each machine is profiled for either new or experienced users and incorporates cutting edge features for optimum functionality, safety, value, and ease of use.

## Gfp LAMINATORS

The Gfp 200 Series laminators are the affordable alternative to time-consuming hand finishing with rollers and squeegees. Now even the smallest shops can compete for bigger jobs with confidence. The Gfp 200 Series will shorten production time, increase profitability and produce consistently professional results by delivering essential features found on systems costing thousands more. Apply all types of PSA films, pre-mask tapes and adhesives. Mount prints on boards to 1" at production speeds. Easy set up and low maintenance makes the Gfp 200 series a hit with new users.
